

**Juliet Hammond**  
Business Impact Consultant  
[juliet.hammond@liw3.com](mailto:juliet.hammond@liw3.com)

Juliet Hammond is LIW's Business Impact Research specialist. She works with LIW's consultants to identify and measure the business impact of LIW programs. This involves supporting them to align program design to business objectives and then surveying and interviewing program participants to report on changes they have made in their work which have impacted both the business and the people around them. Juliet also leads our research activity, monitoring new thinking in leadership and evaluation.

Juliet has worked in strategy and leadership for fifteen years, and is passionate about aligning learning with strategic goals to support businesses and people to work smarter. She has a BSc in Economics, an MSc in Econometrics, an MBA and a Graduate Diploma in Psychology.
